HEALTH COUNCIL

—continued from page two—
and the possibilities of a dental clinic were discussed. Dr. Trisward indicated that most successful dental clinics in New England were established in connection with some hospital where a number of dentists could devote part of their time and still have the necessary facilities and assistance to maintain proper records and it was decided to study the possibilities of these recommendations.

The main speaker for the evening was Mrs. Velma Spencer, Public Health Nurse, for this district, who gave a very interesting and enlightening outline of her recent three week training course at Bellevue Rehabilitation Center in New York. She emphasized the fact that most of the patients there were spinal cases and that their rehabilitation had been complicated by delay in being sent there. In some instances the delay had been for as long as a year and a half, and explained how some of these complications retarded recovery for months. She made it very clear that rehabilitation at the time of injury could mean the difference of months or years in making recovery. She spoke of the great moral and mental benefits obtained by the patients and also showed the economic value of rehabilitation, giving the statistics of presently employed persons who had once been completely crippled, thus removing a tremendous financial burden from families and agencies and at the same time returning such "cripples" to useful lives and financial independence.

A PRIVILEGE TO REMEMBER

At least the long awaited day for the eighth grade class of Crescent Park School to journey to Augusta to sit in on a session of the 56th Legislature had arrived, and at eight-thirty, May 7, 1957, we were happily and enthusiastically on our way.

At ten-twenty, enjoying the beautiful scenery and signs along our route, we realized we had arrived at our destination.

We immediately went to the capitol building and not being able to find space in the gallery of the House of Representatives, we went to the Senate Chamber. Here we spotted our two senators from this area, Senators Pike and Ferguson. After listening to the discussion of several bills, we left at eleven-thirty for the cafeteria where we enjoyed an early lunch.

Having eaten our lunch, we toured the capitol building and surroundings, taking pictures for souvenirs of this memorable day. A group of us introduced ourselves to Senator Pike from Waterford, and he took us through a tunnel into the new office building. Here we were given pamphlets on Maine. He then showed us the state seal engraved on the building above the entrance. We appreciate your time to acquaint us with this magnificent building, Mr. Pike!

One of the sights that impressed some of us most was the display of Civil War, Spanish-American War, and World War I flags. As we looked at these, tailored and torn, each brought to mind a vivid picture of the battles that were fought for the independence which we take about for granted today.

About two o'clock, we went to the Governor's office and shook hands with Governor Muskie.

Then we visited the House of Representatives and heard a speech, pertaining to the Pollution Bill, by Addison Saunders, our representative from Bethel. We were proud to hear the speakers of both houses acknowledge us in the visiting galleries.

At three o'clock we walked over to the Maine House, the official home of the governor, and enjoyed

ANNUAL GUILD SPRING

CONCERT FRIDAY, MAY 31
This year's annual spring concert of all Guild Academy Music Clubs will take place on Friday evening, May 31, at 8 p. m., in the William Bingham Gymnasium. The theme of this year's concert is folk music of all nations.

The Freshman-Sophomore Girls will bring you a rhythmic arrangement on an old English round, the Junior-Senior Girls Glee Club "Dem Golden Slippers," and the Varsity Glee Club a novelty arrangement on "Chopsticks" which will be in German, South American and American jazz rhythms.

The Boys Glee Club will feature Charlie Merrill as solo voice in the Scottish "Flow Gently Sweet Afton" and the ever-popular "Battle of Jericho."

The political events of this year caused a portion of the program to be reserved for Hungarian folk music: Geraldine King (clarinet), and Carla Grover, in Brahms Hungarian Dance, and Dawnie Christie in Liszt's eleventh Hungarian Rhapsody as a piano solo. David Watson will play an Italian Tarantella, and Carla Grover, Geraldine King in a piano duet of a French march. Both Ann Douglas

led a very interesting tour of the home. We found this trip both educational and amusing and wish to thank school officials, local representatives and senators for giving us the opportunity to more thoroughly understand the procedure of the law-making body of our state—Dixie Lee Brown.

WEAR A POPPY IN MEMORY OF AMERICA'S WAR DEAD

"Wear a poppy in memory of America's war dead!"

This will be the appeal of the women of the American Legion Auxiliary to everyone in Bethel on Poppy Day, May 25. They will be on the streets throughout that day offering the little red flowers of memory to all who will wear them in tribute to those who died for America.

"We hope the whole town will join us in a day of patriotic tribute to those who gave their lives that we might live in this great, free country of ours," said Mrs. Pearlina McMillin, president of Mundt-Allen Unit of the American Legion Auxiliary. "Wearing a poppy is a little thing to do, but a big thing in meaning. That poppy over your heart means that you remember with gratitude those young men who died in our nation's

defense — on battlefields throughout the world.

"While remembering the war dead, we will ask the people of Bethel to think also of the disabled war veterans and the children of the men who served. The Auxiliary's Poppy Day volunteers will carry coin boxes into which contributions for the organization's rehabilitation and child welfare work may be dropped. These contributions are a major source of support for the Auxiliary's continuous activities for disabled veterans and needy children of veterans, most of the money being expended to help veterans and their families here in Bethel."

CARD OF THANKS

I am sure I wish to add my heartfelt thanks to the Highways crew for their very useful gift and Mrs. Fosette join me in sincere thanks for the many other thoughtful considerations from the fine people of Bethel.

The next meeting is to be held with Mrs. Frances and Eleanor Kookala.

The original poem by Rev. Alton Verrell was read by Mrs. Verrell.

Mother's Day
Not only one, but every day
Is Mother's Day to me.
If Mother's all want on strike,
What would this old world be?

For the who filled the world with good
And gave it all to man
Made Mother as the choicest gift
To crown creation's plan.

And down through all the passing years
Unfaded is the portion
That they have given to the world
In love and true devotion.

The memory of those childhood days
And mother's soft caresses,
In after years they come again
And soothe and refreshes.

Go search for beauty where you will
Know where you have found her.
I will be a mother in the home,
Her children gathered 'round her.

He who would paint a masterpiece,
Exceeding all the rest,
Must paint a mother in the home,
A baby on her breast.

Though all the world may pass us by,
True as the stars above us
Our mothers still remain the same
With all our faults, they love us.

Then let us treasure, mother dear,
That true God given treasure,
For she poured out her life for us
And gives without measure.

No while we have a special day
That stands above the others
Let's also fill the other days
With love and joy for mothers.

HOW MANY BUY AUTO ACCESSORIES?

Nine out of every ten buyers of 1956 cars in the low-price class felt the need for heaters. Seven out of every ten bought V-8 engines. Six bought automatic transmissions and radios. Five purchased whitewall tires. Three in ten added to the bill with back-up lights, two looked at the world through tinted windshields, and one buyer in ten wanted power steering.—Changing Times.

In the past ten years there have been a lot of changes in China. In fact, most countries feel they can hardly recognize the place.—Changing Times.
